PANAJI: Schneider Electric French based MNC Company's Verna unit celebrated Global Environment Week from June 2 to 6 on energy efficiency, carbon footprint reduction, green sites, waste reduction and reduction in water consumption.

Schneider Electric organized an awareness programme in association with Goa Traffic Police on CO2 emissions and road safety among the two and four wheeler riders. They also associated with a team of Goa traffic police on the roads and volunteered them in their work. Employees also carried out a tree plantation drive and a plastic collection drive in Verna and Nagoa villages.

grammes were also organized for on saving water and on the need to not kill snakes. A signature campaign with the theme "go green" was a huge success.

This initiative of Schneider Electric was welcomed by local people and the Goa traffic police, Verna sarpanch and Nagoa sarpanch.
